Fair knowledge of Adobe Lightroom, Painter, Adobe Premiere

Modeling: Excellent knowledge of Rhinoceros 4.0
Fair knowledge of Autocad, Zbrush
Basic knowledge of 3D Studio Max

Programming : Fair knowledge of HTML

Extraprofessional Interests:

I'm a curious and i want to watch and discover the world and the people who live.

My interests coincide with my work, I hardly distant from art in all its aspects.

Listening music, that keeps me company during working hours.

I do not watch television and do not follow sports, I'm obviously pleased with some friends to see a game at the stadium or television.

I like Opera and drama theater, at least once a week I go to the cinema to watch films and animated films.

My passion, however, are books, my favourites are the classic Greek and Latin and South American writers.

At least, most important thing, I like videogames, especially the 4x games, action-adventure and Fps genres.

Plans for the Future:

Work as Illustrator or Concept Artist.

Work as Free lance in a Comicbook house or a big publisher
